- Included B size 1" RAM® rubber ball allows for connection to any B size RAM® double socket arm; ball and socket technology allows for near-infinite adjustability
- Made of high-strength composites for durability and reliability in the most demanding environments
- Backed by a lifetime warranty

### PRODUCT INFORMATION

#### OVERVIEW

The RAP-B-366U universal camera and camcorder base consists of a B size 1" rubber ball, connected to a round plate with a 1/4"-20 camera thread. The round plate provides extra support and stability for the camera it's attached to. The male 1/4"-20 threaded steel stud will connect to any standard female thread found on digital cameras, camcorders, and other devices.
